

Homecoming Fete For Jimmy Heuga To Be Held Apr. 24

Preparations for the homecoming celebration for Jimmy Heuga, Tahoe City's Olympic ski champion, on Friday, April 24 are going forward, spearheaded by the Tahoe Ski Club, headed by President Larry Lindsay and with the full cooperation of other organizations and individuals throughout the area.

The homecoming had been originally for April 17, but was postponed a week because of the tragic death of one of Jimmy's closest friends, Buddy Werner in an avalanche in Switzerland Sunday. Funeral services are being held in Steamboat Springs, Colo. and will be attended by Heuga.

A series of events are planned and the honoree will be the recipient of special awards.

A motorcade, scheduled to start at the Truckee River road, just south of the highway on Highway 89 at 10 a. m. and to which everyone is invited to join, will proceed to the high school where Jimmy will be greeted by students from his alma mater and be serenaded by the high school band.

The motorcade will then proceed down Highway 89 to Tahoe City where officials, sportsmen and citizens will honor him at a gathering on the Commons at noon.

A public luncheon will be held at Bacchi's where the ceremonies will conclude at a no-host buffet. The North Lake Tahoe Chamber of Commerce will present him with the Man of the Year award and the ski club will announce the Jimmy Heuga Educational Award. Alpine Meadows will present the honoree with a lifetime pass and the Tahoe Lake School, which he attended is prepared to dedicate a sports corner to its honor student.

Other tributes will be paid the young man and the public is urged to participate in the observance of his return.

The public is invited to the open house in the schools and the program which will start at 8 p. m. April 24.

Public Schools Week was initiated by the California Grand Lodge of Masons 45 years ago to call attention of citizens to the problems of their schools. The theme this year is "The Public Schools—America's Future."

"The strength of America lies in its public schools," Rose declared, "conceived by this nation, universal public education for all has contributed to America's achievement of a free and democratic society."

Move Is Started To Eliminate Wreckage

Supervisor H. G. Loehr this week announced he has inaugurated a move to find legal measures to have the remains of the Olympic Hotel on Bridge Street cleared away. The building was recently destroyed by fire which took one life and the standing walls are considered a menace and are roped off and signed to prevent anyone from being injured.

Loehr said the matter has been referred to the district attorney with a request that measures be taken to have the debris removed legally. A decision may be reached at the board of supervisors meeting next week, Loehr said.

Silver Belt Races Delayed Because Of Werner Rites

SUGAR BOWL — In memory of Buddy Werner, killed in an avalanche in Switzerland Sunday, the 22nd annual running of the Silver Belt Trophy Race at Sugar Bowl has been postponed from this weekend until April 25 and 26. The International slalom scheduled for the same weekend has been renamed the Buddy Werner Memorial Slalom.

Ed Siegel, Sugar Bowl general manager, said many of the U. S. Olympic stars will attend the funeral for Werner this week but added that the entire team, along with European stars, will compete in the classic next weekend.

The Buddy Werner Memorial dual slalom will be held Saturday and the Silver Belt giant slalom on Sunday.

Werner was winner of the Silver Belt in 1958 and 1962 and came in second in 1961. Last year the event was won by Willie Favre of Switzerland, with Tahoe's Jimmy Heuga in third place.

Buddy Werner Is Killed In Europe

Local winter sports followers were saddened and shocked by the word from St. Moritz, Switzerland, that Wallace (Bud) Werner, 28, was killed Sunday in an avalanche which buried 14 skiers Sunday.

Also killed in the tragedy was Barbi Henneberger, 23, who was a member of the 1960 German Olympic team which skied at Squaw Valley. Twelve of the group of skiers caught by the avalanche were rescued. The bodies of Werner and Miss Henneberger were found under three feet of snow and it was reported Werner succumbed to shock and Miss Henneberger from suffocation.

Werner was one of the most popular ski figures in North America. He twice represented the United States in Olympic games and only after the events this winter announced his decision to turn professional.

The ace skier started his career at the age of two in his home town, Steamboat Springs, Colorado and won every major American skiing championship in the past decade but never was able to win an Olympic medal.

At the time of the tragedy, the group of experienced skiers were working on a movie.

Werner leaves his wife in Denver and was to have graduated from the University of Colorado this spring.

State Board Denies Report It Ordered Assessment Boost

"The state board of equalization has not issued an equalization order to Nevada County nor to any other county in California this year. The board's intercounty equalization work is not completed for 1964. The intercounty equalization period is not scheduled on the tax calendar until September."

This in part is a statement from Paul R. Leake, chairman of the state board of equalization to Senator Paul J. Lunardi in reply to an inquiry relative to an announcement last week that the state had ordered a hike of \$10 million on property in Nevada County.

Leake said that apparently a reporter covering the meeting of the board of supervisors at which time Assessor Charles R. Kitts appeared to discuss coming assessments, was either "misinformed or misunderstands the situation."

Another letter from William R. MacDougall, general counsel and manager of the County Supervisors Association of California says "there has been no order from the state board of equalization to Nevada County to increase its assessed valuations."

Chairman H. G. Loehr of the board of supervisors said a thorough investigation of the report will be made at the earliest possible date.

The garage portion of the business will be taken over by John Waller, who has been with Osburn for the past nine years. The Allied Automotive of Reno, headed by Orlan Sanders and Harry Digesti, both former well known Truckee residents and Lester Lani, is leasing the parts department.

The used car lot in Gateway Park will be opened by Snyder next week and all sales will be handled there with Waller maintaining the service department in the garage. The Jeep agency will be dropped for the time being at least.

Johnson Opposes Sale Of Utility To Sierra Pacific Co.

Congressman Harold T. Johnson, who has devoted considerable time and effort in promoting interests of the Truckee Public Utility District in securing a REA loan and working toward securing federal low-cost power, is definitely opposed to the proposed sale of the district to Sierra Pacific Power Company.

In a letter to District Manager Francis Longo, Johnson says he thinks "it would be unwise and unrealistic, as well as untimely, for the Truckee Public Utility District to sell its facility to the private power company. I believe it would be detrimental to the electric subscribers of the District."

The letter in its entirety follows:

Dear Mr. Longo:

It is my understanding that the Truckee Public Utility District is

SAWYER SISTERS, DAFFNER TRIO AT NEVADA

VERSITILE SISTERS ON PROGRAM AT LODGE

CRYSTAL BAY—Shades of the big band girl trios! The three Sawyer Sisters with the Max Daffner trio now in their last two weeks on the stage of the Topaz Room of the Nevada Lodge belt out the great "oldies" of the mid 'forties.

Reminiscent of the famous girl trios that fronted the big bands, the Three Sawyer Sisters (they really are sisters) run the gamut of musical entertainment from hit tunes of the day, folk music, hill-billy, western and country tunes to their own special comedy and ballad material. In addition to singing in close harmony, the Sawyer Sisters also dance, play banjo, guitar and, when the spirit moves them, the wash-tub or so-called "gut bucket." Katie Sawyer, for example, plays a set of tin cans — that's right, a set of tin cans.

Born and raised in and around Tacoma, Washington, Susan, Joan and Katie each specialize in a fascinating facet of show business. Susan, who serves as leader of the group, has a soft pleasing voice and, like her sisters, a wonderful personality. Joan sings most of the ballads. Katie, the youngest, has a natural flair for comedy. Together they do great harmony singing. And last, but not least, the Sawyer Sisters are backed by the happy music of the Max Daffner Trio.

tion spent at Grand Canyon and Prescott, Arizona.

Jack Starratt Village Store is the scene of a very interesting collection of tropics and other mementos

of Jimmy Heuga's skiing feats. One of the most interesting items is Jimmy's first trophy, a cup he won as a novice (at the age of 5) at the Lake Tahoe Ski Club's Olympic Hill at Granlibakken in 1951. There are all kinds of trophies there including cups, platters, medals, ribbons, buckles, plaques, bowls from here and Europe as well as pictures, awards of sports writers and his block T won in skiing while a student at Tahoe Truckee High School.

It was most interesting to learn that the creator of "Ponytails" is a North Shore resident. Lee Holley and his wife, Patricia, have bought a home at Incline Village and moved from Belmont.

Lee was previously associated with Walt Disney and Warner Brothers and worked as an assistant on the comic strip "Dennis the Menace" for the artist Hank Catnam. Lee is also a native of California.

For the past three years he has nationally syndicated his cartoon "Ponytails" which appears in 200 newspapers.

Patricia is a former stewardess with Pan-Am and a native of London, England. A sister and her husband, Donna and Jim Roberts, formerly lived at Tahoe Vista, but now make their home in Carson City.

A belated welcome to Tahoe.

Dorothy Biggs of Carnelian Bay celebrated her birthday on April 10. The occasion was observed by a visit from relatives in Oregon.

Marty and Gary Prescott of Davis spent the weekend visiting

their father, Dr. Walton Prescott at Kings Beach.

Bev Ribal has opened her Carnelian Bay home after spending the winter in Stockton. Bern May has returned from San Francisco and is a house guest of Bev.

A testimonial dinner was given to Vera Wood of Tahoe Vista last week on her retirement from the post office after 27 years at Crystal Bay. The dinner was held at the Crystal Bay Club and was enjoyed by those attending especially so because of the opportunity to honor Vera.

Volkswagen, Italian style.

The Karmann Ghia goes to show you what happens when you turn a Volkswagen over to an Italian designer.

It comes out with a noble Roman nose, graceful curves, and a low silhouette.

In fact, classical tradition is followed right down the line.

Fenders, hoods and door frames are welded and shaped and smoothed by hand.

Seats and convertible tops are padded and stitched and fitted by hand.

Now you might think it's sort of crazy to go to all this trouble, just to turn out some fancy Italian sculpturing.

Especially since this body of work ends up on top of one of those plain VW chassis.

But consider.

The chassis includes VW's 4-speed synchromesh transmission, big 15-inch wheels, torsion bars, and an easy-to-service non-temperamental engine.

So that with the Ghia's form, and this functional interior, you've got yourself a pretty solid piece of architecture.

It's known as renaissance Volkswagen.

**The New County Building
And Your Supervisor**

Next month, the new \$250,000 county building for the east end of Nevada County will be officially dedicated, marking the culmination of many months of intensive effort on the part of many people, including your representative on the board of supervisors.

Obtaining this building, which is one of the principal assets in our community, was not accomplished easily, nor with a "let George do it" attitude. It required months of hard work, close figuring and a full knowledge of intricate details of legal and financial matters. This was done in the face of organized, stiff opposition, veiled threats and personal abuses.

I point this out only to emphasize that the duties of a supervisor are not easy and require knowledge of procedure which can be gained only through years of experience and close association with other officials and agencies in federal, state and county capacities.

RULES FOR PASSING BUSES ANNOUNCED

The apparent confusion of some California motorists as to when a stop is required in the vicinity of a school bus brought a cautioning reminder this week from Bradford M. Crittenden, California Highway Patrol commissioner.

"Whenever you see a dual flashing red light on a bus, you must stop before passing the bus and hold that position until the red lights go off. This applies to vehicles going either direction."

He pointed out that the dual flashing red light is positive identification of a school bus. "Some motorists recently cited for passing a stopped school bus said they thought the flashing red signal was a tow truck or road repair vehicle."

"In California the only vehicle which displays dual flashing red lights front and rear is a school bus. Tow trucks, road repair trucks, etc., cannot display flashing red lights—they must be amber."

He added that during winter months, when many school buses are discharging youngsters after dark, it is "obvious that motorist attention to the flashing red lights is vital."

"The only exception to the law involves divided highways. Motorists on that portion of roadway opposite the bus are not required to stop when they see the flashing red lights."

NEVADA CITY TAKES 100 PER CENT OF TAX

NEVADA CITY — The Nevada City Council has served notice it intends to take 100 per cent of local sales tax money collected inside the city limits.

The council, with Councilman Ben Barry presiding in the absence of Mayor Robert Carr, held the first reading of an ordinance which would cut the county out of any share of money collected inside the city through sales tax.

City Attorney William Wetherall was instructed to so notify the county by letter.

The average hospital stay for children is slightly longer for girls than boys, 5.3 and 5.0 days respectively per case.

In California...
at a picnic, beer is a natural

When you're relaxing at your favorite outdoor beauty spot with friends or family, and your thirst's whetted by fresh air and exercise—that's the ideal time for a cool, refreshing glass of beer. In fact, you can name your recreation—swimming, hiking, or just watching TV—and chances are nothing in the world fits it quite as well as beer.

Your familiar glass of beer is also a pleasurable reminder that we live in a land of personal freedom—and that our right to enjoy beer and ale, if we so desire, is just one, but an important one, of those personal freedoms.

In California...beer goes with fun, with relaxation

Rod and Ellie Campbell of Incline Village were San Francisco business visitors last week.

Dr. Hilliard Holmes of Incline Beach underwent surgery at Washoe Medical Center in Reno last week. According to wife, Audra, he is progressing satisfactorily. Get well soon.

The Lake Tahoe Sierra Emblem Club No. 347 met last Monday night for initiation of new members. Gwen Hill and Toni Rande, was sponsored by Sybil Anderson, Connie Tamblin was sponsored by Ethel Shaver, Nancy Stella was sponsored by Dorothy Bury. A new slate of officers was presented and elected by the club.

Sophie Levrva was elected president; Pat Vanni, first vice president; Sybil Anderson, second vice president; Macie Henke, financial secretary; Velda Farris, treasurer; Nora Ferrari, recording secretary; Isabelle Torsak, Marie Henry and Gwen Hill, trustees; Marnel Thomas and Nancy Stella, marshals; and Frances Hayman chaplain; Sally Vance first guard; Connie Tamblin, second guard; Marilyn Fugazi, organist.

Attending the state convention of Emblem Clubs at Disneyland were president, Gwen Meixner; vice president, Sophie Levrva; and Florence Brown who was nominated for State 4th Vice President, and who holds the offices of state press correspondent and past civil defense chairman.

Col. A. A. Hayman has returned home to Incline Village after several days in San Francisco on business.

Present at the meeting were Madeline Scott, Ruth Burris, Isabelle Kissinger, Jacquie Black, Hildegard Willman, Pat Baker, Sally Foote, Donna Gillian, Ruth Berrum, Charlotte Applewhite, Sandy Hollen, Linda Bader, Mary Moore, Pearl Draney and Paula Gurney.

Refreshments were served following the meeting.

The progressive dinner sponsored by the Lydia Circle of the Kings Beach Methodist Community Church was pronounced a tremendous success by the many who attended. Much credit for the affair is to be given V. Ann Mandeville, president of Lydia Circle and Noreen Marx who was assistant.

Various countries were represented at the dinner with everyone meeting at the church to receive their passports and flight schedules for departure to various homes for soup, salad and entree. Dessert brought the travelers back to the church. Great thought and preparation was given in planning the details and the necessary "papers" and schedules. The response was rewarding and all who

Anti-Litterbug Law Enforcement Plan

WASHINGTON, D. C.—House of representatives committees have recommended enactment of two bills authored by Congressman Harold T. (Bizz) Johnson of the 2nd, mountain-valley counties, district.

The bills would facilitate enforcement of anti-litterbug and fire prevention regulations in national forests and pave the way for transfer of Indian rancheria lands to the Indian occupants should they desire to take such action.

The anti-litterbug bill, introduced by Congressman Johnson as a means of solving a major problem of law enforcement by local government, would give U. S. com-

missioners the authority to dispose of minor offenses against federal forest regulations. The commissioners now have this authority to deal with violations of national park regulations.

"A great problem in law enforcement results," Congressman Johnson told the house forestry subcommittee, "because arresting officers are most reluctant to take a minor case hundreds of miles to the nearest federal court."

After Congressman Johnson's testimony, the forestry subcommittee recommended to the full agriculture committee of the house that the bill be passed.

AIR FORCE GROUP TO HOLD MEET AT LAKE

Mrs. Marie Henry announced that there will be a meeting April 20 at 8 p. m. at Tahoe Lake School, Tahoe City of the Lake Tahoe Squadron of the Air Force Association. The important session is being held prior to the California Wing convention, April 24-26 at Palm Springs.

HOMING PIGEONS ARE RELEASED AT RANCH

Eighty homing pigeons were released from Circle Bar B ranch Saturday at 8:30 a. m., soaring high over Truckee as they headed homeward, near Sacramento, in a test flight.

Their owner and trainer, Milton Gomes, left immediately for the valley, following the birds line of flight and expected they would all arrive at the roosts shortly after 11 a. m.

BOARD BREAKS OFF PARADISE OFFERS

In view of "reported findings by FAA," the board of directors of the Truckee-Tahoe Airport District formally rescinded "all offers made to Paradise Airlines." Previously, a schedule of reduced landing fees had been offered as an inducement to Paradise, an Oakland based intra-state airline, to operate into Truckee-Tahoe.

In other actions, the board requested the engineering firm of Willsey, Hamm and Blair to make a proposal on a feasibility study for a cross-wind runway

tem now owned and operated by the Utility District.

As you know, I worked very hard to secure a Rural Electrification Administration loan for the Truckee District. Furthermore, I have been working for more than two years now, doing everything I can to obtain a source of federal low-cost public power for the Truckee Public Utility District.

The Truckee Public Utility District was formed only after a long and difficult fight in which those who advocated its formation had the best interests and the welfare of the people of the area at heart. I have been privileged to work with the District, and believe it would be in the best interests of the citizens of the area for the District to continue to serve the electric customers of the area, and therefore, I think it would be unwise and unrealistic, as well as untimely, for the Truckee Public Utility District to sell its facility to the private power company. I believe it would be detrimental to the electric subscribers of the District.

In conclusion, I would respectfully request an early report on the activities and position of the board of directors of the Truckee Public Utility District concerning this important matter.

Sincerely yours,
Harold T. (Bizz) Johnson

Four Die In Mishap On Cisco Highway

Four people are dead as a result of a head-on collision between two cars a mile west of Cisco at 9 a. m. Sunday. Two Canadian sailors are in the Tahoe Forest Hospital with injuries suffered in the accident.

The dead are George T. Thornton, 31, Anthony Forest, 44, Wilma H. Forest, 24, all of San Leandro, and Paul J. Emmrich, 46, San Francisco.

Injured were Victor Witteven and Norman Poole, sailors attached to the HWCS Margaree, docked in San Francisco.

The California Highway Patrol reported Thornton and Mr. and Mrs. Forest were killed at the scene of the crash and Emmrich died later in a Reno hospital.

Officers said Thornton and the Forests died when an eastbound car, apparently driven by Witteven, crossed the center line on the two-lane highway and struck the Forest car. Emmrich was identified as the owner of the car. The two sailors were seriously hurt.

Officers said they found containers of liquor in the Emmrich vehicle, but there was no conclusive evidence of what caused the crash. The weather was clear and the accident occurred on a stretch of new highway.
